Contact Preferences (Portal)

[Modifying Preferred Contact Preferences](#) | [Phone Number Preferences](#)

PATH: *Campus Portal > User Account > Contact Preferences*

It is important for users to have up-to-date contact information that can be used by Campus Messenger to distribute timely information to parents. Users should verify that contact information is correct and then indicate which types of messages should be directed to each phone or email address. Message types include Emergency, Attendance, Behavior, General Notification, Priority Notification and Teacher.

Before the contact preference checkboxes will display, the user must have an email address entered and saved. Text messaging may not be available to all users and depends on whether the school/district makes use of text messaging.

Instructions:

For each type of message (Emergency, Attendance, Behavior, General Notification, Priority Notification, Teacher) select how you prefer to receive that message. You may select to receive a message on more than one device. To change or add a phone number you will need to contact your school's administrative offices.

Please check the Text(SMS) check box if you would like to receive text messages sent by the school.

- If Text (SMS) option is enabled message and data rates may apply. Charges are dependent on your service plan which may include fees from your carrier to send and receive these text (SMS) messages.
- To opt out uncheck the text (SMS) box anytime.
- For support contact your district.

This Contact Preferences tool and some of the preferences listed on this page may not be available to all Portal users. Portal configuration is specific to a school and depends on administrator configuration. Voice and text messaging options may not be available if the district does not use these features.

The **Contact Preferences** checkbox of the Portal Options must be marked to allow Portal Users access to the Change Contact Info tool.

Modifying Preferred Contact Preferences

This tool allows a Portal user to enter his/her email address and specify the type(s) of messages to be received through email. He/she can select the language in which messages are preferred.

Preferences may be set for the following types of messages:

Message Type Column	Mark checkboxes in this column if the email and/or phone number should be contacted for...
Emergency	emergency messages.
Attendance	student attendance messages.
Behavior	student behavior messages.
General Notification	general school or district messages.
Priority Notification	high-priority messages sent by the district or school.
Teacher	teacher-created messages. <div style="border: 1px solid green; padding: 5px; margin: 5px 0;"> For some users, the Teacher column of this screen will not allow phone number checkboxes to be marked. This means that teachers do not use phone messaging as a contact method. </div>

Phone Number Preferences

If phone and/or text messaging is used by the school/district, a Portal user may designate specific phone number(s) for receipt of certain message types.

Administrator Note

Messenger contacts who have Portal accounts can configure their own preferences for receiving voice, email and text messages, as long as the school allows them to do so. The **Contact Preferences** checkbox must be marked on the Portal Options tool.

A Portal user must have phone numbers on file with the district/school for them to appear on this screen.
