This document is written for use by parents. Districts can choose to provide this information to their parents or use it as a guide for creating district-owned documentation.

PATH: *Campus Portal > Family > Family Members*

This tab lists demographic information for all household members. Here, parents can review each person's contact information and relationships between all household members.

The school can give access rights to all parents/guardians to whom the student has a relationship or only specific rights to one parent or guardian. This authorization structure is established when the custodial parent or guardian informs the schools of the rights of each parent or guardian to this information.
