If undesirable weather conditions exist on May 28<sup>th</sup>, then the students will participate in alternate indoor activities and volunteers will not be needed. Due to other already scheduled activities for the last day of school there will not be any make-up date. I will use the infinite campus message feature to provide updates regarding any modification of activities due to weather.

We are looking for volunteers to assist us on Field Day! Volunteers are asked to run the station activities and assist in other capacities. Anyone who is interested in volunteering should notify me by Friday, May 24<sup>th</sup>. Upon arrival, all volunteers must present state issued identification within the main office as part of our school district safety plan. Please access the link below to view more information on volunteering and/or to sign up.
