

Follow-the-Leader activity for drawing a house in Paint

1. Click on Windows button. Look for Paint icon in menu and click on it. If it's not in quick menu, go to All Programs then Accessories.
2. Locate color menu and make sure black is selected as Color 1.
3. Select tool thickness.
4. Select rectangle.
5. Draw the house.
6. Show how to move and re-size.
7. Select triangle.
8. Draw the roof.
9. Show how to Undo.
10. Draw rectangle for windows, doors, chimney, and garage.
11. Show how to change color.
12. Show how to use Fill tool (bucket).
13. Show how to use pencil and brushes to free draw. Make bushes, curtains, smoke out of chimney, front walk etc.
14. Save as .jpeg to H: drive.

Note: Point out how cursor changes as drawing tool changes.
