

August, 2017

Dear Parent/Guardian,

This school year, your child will be using EduTyping keyboarding software to learn the skill of touch-typing. EduTyping is 100% web-based and can be accessed from any Internet-ready computer. Three short sessions of 10 to 15 minutes each week will help your child develop his or her skills.

ACCESSING EDUTYPING

1. From the Mayfield City Schools website, go to the Students tab and select Student Links.
2. In Student Links, click on EduTyping Student Login.
3. When the Student Login page appears, enter the Account ID: mayfield. Your child's username and password are the same as his or her computer login at school. This login is also used for MobyMax and other district resources. If you need your child's login information, email your child's teacher or Mrs. Carlson at jcarlson@mayfieldschools.org.

COMPUTER REQUIREMENTS AND SUPPORT

EduTyping is compatible with the leading browsers available on Windows/Mac desktop computers, as well as Windows/Mac laptops and Chromebooks. EduTyping is also compatible with tablets that use an external keyboard such as iPads, Android tablets, and Surface tablets.

To access EduTyping, you will need the following:

1. Access to the Internet
2. The latest version of any of the following web browsers:
 - Google Chrome
 - Mozilla Firefox
 - Apple Safari
 - Microsoft Internet Explorer (Version 11)
 - Microsoft Edge

If you experience technical issues, the following support options are available:

1. Visit the FAQ page at <https://www.edutyping.com/learn-more/frequently-asked-questions>.
2. Email support@bepublishing.com.

Please retain this document for future use, as it contains information that will allow you to assist your child with accessing EduTyping from home.
