Overview

PATH: *Portal > Health*

Every state mandates a series of vaccinations to be given to students over several academic years. In addition to vaccines and doses, the Portal will display vaccination compliance. This is required for a student to remain in school. If the student is not vaccinated, the school must have a waiver on file.

Vaccination Print

To print a student's immunization from the Portal, use the browser Print icon. See Image 4 for a printed view of the student's immunizations. It is recommended that the print layout be changed to a landscape view for easier reading.

The screenshot shows the Infinite Campus Student Information Portal interface. At the top, it displays the student's name 'Jessica Kommer' and a 'Switch Student' button. The student's details are listed as '10-11 019 Westridge MS', 'Student Number: 94197', and 'Grade: 07'. A navigation menu on the left includes links for Registration, Calendar, Schedule, Attendance, Behavior, Health, Assessment, Graduation Planner, Transportation, Fees, School Choice, To Do List, Reports, and Family. The 'Health' tab is selected, showing a table of immunizations with columns for Vaccine, Compliance Status, and Doses (1-5).
