

Mayfield Food Service – Lunch Account System (or POS system)

Dear Parents -

Lunch time money made simple (and cashless)!

You can begin to prepare for the upcoming school year by *pre-paying for student lunches*. Parents can pre-pay for lunches by submitting a check (Made payable to *Mayfield Food Service*) in a marked envelope with a payment form available in the school office. Please turn in the payments to the school office, food service cashiers, or mail to the address below. You can also pay via credit card or checking account on-line at www.myschoolaccount.com. (Please be aware credit/debit card transactions have a merchant fee. Mayfield does not profit from this fee). Parents can view their child's account balance, most recent transactions, and sign up for low balance alerts at the same website.

High and Middle School Students will identify their accounts by entering their 6 digit student ID number on a pin pad. This number is the same number used last year and is located on their report card. Elementary students will continue to use their finger scan. The identification of students in the elementary schools will be with a biometric finger-imaging device. The device converts the finger image into a numbered pattern that is then stored for future identification at the point-of-service. **This system is NOT associated with fingerprints. It CANNOT be used to identify students by lifting fingerprints and comparing them with the digital finger image.** The fingerprint is NOT stored in the computer. This is a positive identification system, only your child can access his/her accounts.

This system frees students from fumbling with cash and allows parents to monitor what their children are eating for lunch.

Lunch prices are \$2.55 for the Elementary, \$2.75 for the Middle School and \$2.85 for the High School. Milk a la carte is \$0.50.

Thank you.

Robin Smeal, RD, LD
