Ms. Kari Beery, Creative Writing teacher at Mayfield High School, was one of two educators named, "*Stop the Hate Teacher of the Year*". A \$1,000.00 cash prize was received, in recognition of her personal commitment to anti-bias education.

Congratulations to Ms. Beery for teaching your Mayfield students about creative expression, while incorporating the commitment to an anti-bias education.

In partnership with Roots of American Music (ROAM) and the Rock & Roll Hall of Fame, the Maltz Museum celebrated the voices of young people standing up to bias and bigotry through the annual *Stop the Hate® Youth Sing Out* contest. After participating in two digital tours: "Stop the Hate" with the Maltz Museum and "Power of Music and Protest" with the Rock & Roll Hall of Fame, the students reflected on discrimination they have witnessed or experienced in their own lives before turning their words into lyrics with a ROAM teaching artist. Mayfield High School's Creative Writing Class, **under the direction of Ms. Kari Beery**, won first place for their song, "Daybreak", and won a \$3,500 grant to be used for anti-bias education at Mayfield High School.

**3. PRESIDENT'S ANNOUNCEMENTS**

**A. PRESIDENT'S ANNOUNCEMENTS**

Mr. Fornaro adjusted the order of President's announcements and began with comments on the revised community communications process utilized since April, 2020 in response to the COVID-19 global pandemic. He indicated that the community could submit questions to the Board and the administration throughout the virtual meeting process with responses provided accordingly.

Mr. Fornaro then moved to the written statements that were submitted by two community members and indicated that the Board by-laws contain certain criteria for comments/statements and while one of the submissions did not meet the criteria, the Board agreed to include it nonetheless. He then read the written statements aloud.

Mr. Fornaro indicated that this was Dr. Kelly's last board meeting and wished him well in his retirement and the next chapter of his life. He then listed the number of milestones and achievements that were earned or developed during Dr. Kelly's 9-year tenure including his work and leadership during the last 16 months making decisions in an ever-changing environment brought on by COVID-19. He then read a quote that embodied the spirit of the District and Keith's leadership.

**B. REMINDER: SUSPENSION OF COMMUNITY COMMUNICATIONS DUE TO THE CORONAVIRUS-PANDEMIC**

This is a reminder to the General-Public that the Mayfield Board of Education has been complying with legislation as originally authorized by HB197 and subsequently reauthorized by HB404; wherein, local governmental entities were authorized to conduct meetings virtually and provide alternative methods for the community at large to monitor the actions of the public body.

Below is the public notice that was sent and is posted on the District website regarding the virtual nature of this Mayfield Board of Education regular meeting as well as the original Board action on April 22, 2020, approving the use of this format.

**NOTICE OF VIRTUAL MEETING ONLY /CONTINUED SUSPENSION OF PUBLIC COMMENTS/ALTERNATIVE PUBLIC QUESTION METHOD**

Notice is hereby given that the regular meeting of the Mayfield City School District Board of Education on **May 19<sup>th</sup> at 7:00pm will be conducted virtually** at the following link:  
<https://www.youtube.com/channel/UCUQ0sWyf9gxbnug4IrzIAMA/>

The regular meeting agenda will be available at 12:00pm (Noon) on Friday, May 14<sup>th</sup> and can be found at <https://go.boarddocs.com/oh/mayoh/Board.nsf/Public>

Due to the continued COVID-19 pandemic and in compliance with the Ohio Department of Health order that all residents continue to practice appropriate social distancing along with the reauthorization provided in House Bill 404 for boards of education to hold remote meetings during the duration of a health emergency; the Mayfield Board of Education continues its **suspension of its community communications/public comments section of its regular meeting agendas until the COVID-19 emergency ceases.**

However, the Board of Education recognizes the value to school governance of public comment on educational issues and the importance of allowing members of the public to express themselves on school matters of community interest. In order to meet this expectation, **interested community members may submit questions regarding the board agenda to Dr. Keith Kelly, Superintendent at [kkelly@mayfieldschools.org](mailto:kkelly@mayfieldschools.org) beginning at 12:00pm (Noon) on Friday, May 14, 2021. Questions received addressing an agenda item will be responded to by district officials via email. Please include in the subject line: Mayfield Board of Education May 19<sup>th</sup> meeting.**

## **SUSPENSION OF COMMUNITY COMMUNICATIONS DUE TO THE CORONAVIRUS**

### ***Board Action: 2020-060***

The Mayfield Board of Education recommended to adopt the suspension of community communications due to the Coronavirus as delineated in the public content section:

**WHEREAS**, On March 11<sup>th</sup>, 2020 the World Health Organization officially declared that COVID-19, a novel coronavirus, to be a pandemic. Shortly afterward, Governor Mike DeWine issued Executive Order 2020-01D declaring Ohio to be in a state of emergency. The Ohio Department of Health also ordered that all K-12 schools be closed to students at least through May 1, 2020. Similarly, residents have been ordered to remain at home until that date to slow the spread of the disease.

**WHEREAS**, on March 25<sup>th</sup>, 2020 the Ohio General Assembly passed an emergency measure through House Bill 197 which temporarily authorizes boards of education and other local government agencies to hold remote meetings during the duration of a health emergency. The provisions of HB 197 will remain in effect until December 1, 2020 or until the COVID-19 emergency ceases, whichever comes first.

**WHEREAS**, Section 12 of the enacted law specifically authorizes board members to participate in a board meeting by telephone, video conference or other electronic technology rather than attend in person. Members of a board will be considered present and their votes will be counted for the purpose of determining quorum regardless of how they attend.

## MAYFIELD CITY SCHOOLS BOE – Regular Meeting Minutes Wednesday, June 23, 2021

**WHEREAS**, the law also permits a board to fulfill the public access requirement for open meetings under R.C. §121.22 by providing members of the public with remote access to the meeting and examples of acceptable technologies such as live-streaming by means of the Internet, local radio, television, cable, or public access channels, call-in information for a teleconference, or by means of any other similar electronic technology.

**WHEREAS**, the Mayfield Board of Education follows the order of business established by the agenda, except as it may vote to re-arrange or modify its agenda to expedite Board business.

**WHEREAS**, the Mayfield Board of Education continues to work diligently to address the many challenges that COVID-19 has caused and is likely to cause in the future as well as complying with and modeling behaviors consistent with the stay at home order.

**NOW, THEREFORE, BE IT RESOLVED** by the Mayfield Board of Education that it suspends community communications / public comments section of its regular meeting agendas until the COVID-19 emergency ceases.

Motion by Ron Fornaro, second by James Teresi.

### C. ALTERNATIVE PUBLIC PARTICIPATION-WRITTEN STATEMENTS

#### WRITTEN STATEMENT #1

Samantha Belfiore  
1301 East Miner  
Mother of children at Millridge Elementary

With the state mask mandates being lifted as of June 2, 2021, I am writing to inquire the district's stance and decision towards mask requirements in the schools for the upcoming 2021-2022 school year. Will the district continue to require our children to wear masks or will it be optional?

With all that we now know scientifically in terms of the ineffectiveness of masks and children being at little to no risk for Covid, it would seem both irresponsible and detrimental to continue this mask requirement. In addition, all of the Mayfield City School district's staff that elected to get vaccinated are now fully vaccinated.

We have seen multiple examples of Mayfield Schools allowing numerous sports and sporting events to occur throughout this past school year—without masks—despite the “guidelines” supposedly being used to dictate the schools' stance on safety protocols. If we continue to require the masking of our children in school, that is downright hypocritical.

The multitude of research indicates the detrimental and damaging affects on children's social, emotional and psychological health as a result of mask-wearing. For an entire school year, the children in this district—children as young as five years old—have been asked to wear a mask for the entirety of their school day, even during outdoor recess. They have not been able to sit and socialize with peers, being isolated at their desks behind trifold barriers during the majority of their day, even at lunchtime—one of the only times in a child's day that normally would allow them the

## MAYFIELD CITY SCHOOLS BOE – Regular Meeting Minutes Wednesday, June 23, 2021

necessity to connect and interact with their peers. The social and emotional toll this past school year has inflicted on the children of this district is inexcusable. They deserve to see the faces of their peers. They deserve to see the faces of their teachers. They deserve to breathe fresh air.

My hope is that the district will not simply reply, “we will wait and see”, as it so often has replied to many of the unknowns during this pandemic. We now know so much more at this point in time about the virus. While the CDC and Cuyahoga County Board of Health can continue to make recommendations, we have to remember that they are just that—recommendations. The CDC and CCBH have zero legal or moral authority. As a matter of fact, EUA (emergency use authorization) products are by definition experimental, which requires people be given the right to refuse them. Under the Nuremberg Code, the foundation of ethical medicine, no one may be coerced to participate in a medical experiment. Consent of the individual is “absolutely essential.” The mandate for any individual to wear a mask against Covid-19 for attendance at an institution violates federal law. All Covid masks are considered EAUs. (\*document attached)

In addition, multiple studies are exhibiting alarming data, indicating schoolchildrens’ masks are contaminated with a myriad of harmful, sometimes potentially fatal, pathogens. One particular study out of Florida occurred in which a group of parents sent their childrens’ masks to the University of Florida’s Mass Spectrometry Research and Education Center for analysis. The results indicated 11 alarmingly dangerous pathogens, that of which include the following:

Streptococcus pneumoniae (pneumonia)

- Mycobacterium tuberculosis (tuberculosis)
- Neisseria meningitidis (meningitis, sepsis)
- Acanthamoeba polyphaga (keratitis and granulomatous amebic encephalitis)
- Acinetobacter baumannii (pneumonia, blood stream infections, meningitis, UTIs— resistant to antibiotics)
- Escherichia coli (food poisoning)
- Borrelia burgdorferi (causes Lyme disease)
- Corynebacterium diphtheriae (diphtheria)
- Legionella pneumophila (Legionnaires' disease)
- Staphylococcus pyogenes serotype M3 (severe infections—high morbidity rates)
- Staphylococcus aureus (meningitis, sepsis)

Half of the masks were contaminated with one or more strains of pneumonia-causing bacteria. One-third were contaminated with one or more strains of meningitis-causing bacteria. One-third were contaminated with dangerous, antibiotic-resistant bacterial pathogens. Not a single one of the control-group masks was found to have any harmful pathogens on it.

As a district, and as a school-board, it is your duty to make decisions that are in the best interest of our students. That is what you have been elected to do. The children deserve a chance at a normal school year, one without masks, one that allows them to be children—smiling, laughing socializing, interacting and learning—maskless. Some parents may chose to continue to have their child wear a mask, while others will not. Let that choice be up to the parents, those with a vested interest in the child.

Thank you for your time. I look forward to your response.

Sincerely,  
Samantha Belfiore

**WRITTEN STATEMENT #2**

Katie Havel

June 18, 2021

Dear Members of the Board of Education,

It has been 16 months since the “temporary band on public comments” has been issued due to the coronavirus emergency. While this “temporary” band was understandable in the first few weeks, it is appalling that you have used this pandemic to keep the public and most importantly, parents in the district out of crucial communication during a once in a life time event that directly affects our children. Considering none of our BOE members have a student enrolled in our district, it was imperative to openly communicate with those of us who are entrusting our greatest priorities to you. There is no reason comments couldn’t have been submitted electronically and read into minutes like every other surrounding district and city council who chose to stay with virtual meetings. Many of you members ran campaigns with a commitment to transparency, this is an exclusion to the many community members and parents who chose to address the BOE formally. I have reached out many times to see if this portion could be amended in order to be more effective and to better serve the community as a whole, but many times ignored. And therein lies the problem, the ability to pick and choose what you respond to while silencing parents on your own discretion.

Another example was three years ago when I encountered a problem with Keith Kelly, I contacted each of you with my concern. Sadly, according to Mr. Hess, you all ignored my phone calls on the directive from Mr. Keith Kelly. However, whether by accident or design, Mr. Teresi was the only one that answered. But when I reached out to him, his exact response to me was, “I don’t know you. I’ve known Keith for over 6 years though.” When I reminded him that he was supposed to represent ME as my elected official, he said he “could not help me” and then hung up.

I would like to take this moment to remind each one of you that your positions are elected and that you are here to serve the residents. Not the superintendent! Although, I have great faith in the man that is our new Superintendent and that Dr. Barnes will not abuse his power in our district, nor harass or intimidate the parents (especially mothers in our district, which I have found a staggering amount of them) with threats of arrest, lawsuits and even using school resource officers to follow people in our district, my hope is that when Dr. Barnes arrives, that you will remember your jobs are to be the checks and balances of this community.

There are three seats up for re-election and WHEN we come for your jobs, everyone in this town will remember who’s side you were on. Please remember your oath and who you promised to serve.

Sincerely,

Katie Havel
