

8.26.2020

Dear Mayfield Parents, Teachers, Staff and Students,

I was informed this evening that a Mayfield High School Girls Soccer player tested positive for COVID-19, following results from diagnostic nasal testing.

Per the recommendation of the Cuyahoga County Board of Health, the Mayfield High School Junior Varsity and Varsity Soccer teams have been suspended from play and practice, until further notice.

Mayfield Athletic Director Keith Leffler will communicate with Girls Soccer players and families with additional information as it becomes available.

Sincerely,
Keith Kelly
Superintendent

Mayfield City Schools - Every Student. Every Day.
