What is College Credit Plus?

College Credit Plus is Ohio's dual enrollment program where students earn both high school and college credit at the same time

- Students may apply to any public or participating private college
- Students may apply and take courses at multiple colleges

Things to know

- May choose from a variety of college level courses
- May be determined by placement testing
- Students can earn credit to satisfy both high school and college requirements.
- 3 Credit Hours = 1 High School Credit
- Must successfully complete the course in order to earn the credit
- Transportation is NOT provided for courses offered on the college campus

Who's Eligible?

- Students in grades 7-12
- Ohio residents
- Students who meet academic eligibility standards (*determined by the State*)
- Students who meet the admissions requirements for the college/university (*may be different for each college*)
- Students who are “College Ready”

What does it mean to be “College-Ready”?

More than just academically ready

- Emotional and social transition
- Meeting college expectations
- Time management and organizational skills
- Some college classes have content that is oriented toward a mature or adult student. College instructors will not modify the course content for CCP students.
 - Ohio requires new CCP students & parents to complete a Mature Content Permission Slip

How is College Different from High School?

	High School	College
Tests	Weekly or end of chapter	Fewer in number, but cover more material
Study Time	1 to 3 hours per day	2-3 hours per credit hours
Graded Work	Numerous quizzes, tests, and homework	Fewer tests & assignments, but worth more points
Learning	Information provided mostly in-class. Out-of-class research is minimal	More independent thinking, longer writing assignments, & out-of-class research
Responsibility	Daily verbal reminders in class	Email reminders, checking courses online daily
Attendance & Class Participation	Required, parents are notified if a student is absent	Attendance policy is determined by instructor, but no one is notified if a student is absent
Role of Parents	Parents are involved, working closely with teachers and counselors	The college views the student as an independent decisionmaker

FERPA

- The “Family Education Rights and Privacy Act” (FERPA)
 - Protects student education records
 - Parents do not have access to student’s academic records
 - Colleges reserve the right to communicate student record information with appropriate high school officials who have an “educational need to know”
 - “Permission to Release Information Form” – students written consent to share information with a third party
 - *This will give parents a limited access to their student’s records*

Benefits of CCP

- Students can:
 - Earn high school & college credits at the same time
 - Get a “head start” on career plans
 - Start & potentially complete a degree or certificate program
 - Understand the expectations of college life
 - Some college courses are not offered at the high school
 - Save tuition & textbook costs

How Many Credits Can Students Take?

- Up to 30 credits per academic year, includes high school classes:
 - Calculation: $30 - (\text{ ____ } \text{ high school units} \times 3) = \text{ ____ }$ (max CCP credits)
 - Example: $30 - (3 \text{ high school units} \times 3) = \mathbf{21}$ CCP credits
- If a student enrolls in more than 30 credits, they can either:
 - Drop the course (during the 100% refund period) or
 - Pay for the entire course (including tuition, fees, books) at the college's standard rates
- Lifetime maximum credits per student is 120

Where Can Students Take Classes?

**The option to take courses at the high school is only available if the high school has partnered with a college or university to offer courses at the high school*

What Courses can Students Take?

- Students must meet prerequisites for all courses they take.
- Students must complete their first 15 credits in Level I courses
 - *These are transferable to public Ohio universities*
 - *See College/University's website for a list of Level I courses*
- Students can take courses that:
 - Fulfill high school graduation requirements
 - *Students must work with high school counselors to ensure they are meeting any mandatory testing or other high school requirements*
 - Part of a career pathway that interests them
 - Part of a major or degree requirement

Non-Allowable Courses

- Private applied courses with one-on-one instruction
 - *Example: guitar, piano, etc.*
- Courses with high fees
- Study abroad courses
- Physical education courses
 - *Example: yoga, weight-lifting, etc.*
- Pass/Fail graded courses
- Remedial courses or sectarian/religious courses

Grades & GPA

- CCP grades earned in college courses are the same grades that will appear on the high school transcript
- Grades will be factored into the high school and college GPA
- If a student fails or withdraws from the course, the college transcript and high school transcript will reflect the student's final grade.
- If a high school uses a weighted grading scale for Advanced Placement or Honors courses in a subject area, CCP courses in the same subject area will be weighted using the same scale
- Students must successfully complete the courses in order to earn the credit
 - If students do not earn a passing grade or withdraw too late from college courses, the high school may require students/families* to reimburse the tuition that the district paid
 - CCP grades/courses stay on the student's college transcript permanently

**If a student is considered "economically disadvantaged", a school may not seek reimbursement*

CCP Probation & Dismissal

Probation	Dismissal
<ul style="list-style-type: none">▪ A student will be placed on CCP Probation if they earn less than a cumulative 2.0 GPA in CCP courses or withdraws from 2 or more courses in one academic term▪ When on CCP Probation, the student may only enroll in one CCP course for one college semester and may not enroll in a college course in the same subject in which they previously earned a D, F, or W grade▪ Appeals*: students may submit an appeal to retake a course	<ul style="list-style-type: none">▪ If a student on CCP Probation does not increase their CCP GPA to a 2.0 or above during the probation semester, they will be placed on CCP Dismissal▪ While on CCP Dismissal, students may not enroll in any CCP courses▪ Appeals*: students may submit an appeal within 5 days of being dismissed, or wait until the end of the CCP Dismissal semester

*Each high school must have a policy describing the process for appeals
