According to State Law and Board of Education Policy, no student may attend the Mayfield City Schools unless the student and his/her parent(s) /guardian(s) currently reside (live, eat, sleep, etc.) within the school district boundaries. A "parent" is the biological parent or, in the case of legal separation or divorce, the parent with legal full or residential custody. If you are not a legal resident as defined above, you must declare this immediately to the school registration official.

**Please be advised that if you are not currently a legal resident of the school district and/or you are not the child's legal custodial parent or guardian, and fail to report this to the school registration official, you will be liable for tuition charges for every day your child attended the Mayfield City Schools illegally.**

I am a legal resident of the Mayfield City School District and have read and understand the requirements as stated above and the information provided by me on this form is true and accurate.
