

EXCEL TECC

**POLICIES &
PROCEDURES**

*APPROVED By Consortium Superintendents and Mayfield Board of
Education
August 29, 2012*

**Reviewed and revised annually*

Who We Are

Excel TECC is a career technical consortium serving the ten school districts of Aurora, Beachwood, Chagrin Falls, Mayfield, Orange, Richmond Heights, Solon, South Euclid Lyndhurst, West Geauga, and Willoughby-Eastlake offering twenty-two unique programs. Excel TECC's primary objective is to prepare students to enter a two or four year college, a two year technical school or the career of their choosing. Excel TECC serves over 1000 students with programs located throughout our districts as well as the Mayfield Innovation Center, Gates Mills Environmental Education Center, Cuyahoga Community College, and Cleveland Botanical Gardens. Students in Excel TECC programs are eligible to receive college credit upon successful completion of their program according to Tech Prep standards and may receive anywhere from one to thirty college credits.

Our mission at Excel TECC is: Empower success, Engage career skills, Encourage responsible citizenship...Developing leaders today for the careers of tomorrow. Our programs set high standards and expectations for students to prepare them to leave high school with the skill set necessary to be successful.

Purpose of Policies and Procedures

This document shall serve as a uniform manual for all member schools and their administration, guidance counselors and teachers in the areas of admittance, attendance, guaranteed slots, discipline, fees, Tech Prep credits, transfers, and withdrawal from programs.

| |
|--|
| <p>Excel TECC does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups</p> |
|--|

A. Admittance

Admittance to Excel TECC programs shall be limited to students from Aurora, Beachwood, Brush, Chagrin Falls, Orange, Mayfield, Richmond Heights, Solon, West Geauga and Willoughby-Eastlake. By program start date, student must have completed coursework required for junior status at their home school, including seven (7) credits with a mandatory two (2) credits each earned in English and Mathematics. Below is a tentative timeline of the admittance procedures for Excel TECC:

- October/November: Excel TECC visits member schools 10th grade classes for presentations and mailings are sent to consortium 10th grade homes.
- Mid-December: Opportunity Day/Night consists of students visiting during the day (field trip) and parents/guardians/students visiting during the evening. Please note: For LPN—the ACT work keys must be taken prior to any interview
- December/January: Students apply on Enroll Track on-line
- Early January: Interview day—prospective students interview with program teachers at Mayfield High School
- Late February/Early March: Student acceptance letters are mailed home and home school guidance counselors are notified and confirmation contracts are due back to the Excel TECC office
- August: Orientation Day (may vary depending on program)

Once a student is accepted into a program, he/she must complete the Excel TECC Confirmation Contract. This contract must be turned in no later than Spring Break (dates may vary) on an annual basis. After the due date, program teachers may begin to use their waiting list if the returned contracts do not fill program seats. A copy of the confirmation contract can be found in Appendix C of this manual.

Transfer students: When a new career technical student transfers to an Excel TECC consortium school every effort will be made to transition the student to their respective program provided there is space. Excel TECC does not guarantee that a student will maintain their enrollment in a Technical Education program.

Guaranteed Slots: One mission of Excel TECC is to have all consortium schools represented in all programs and to offer all districts equal access to career technical opportunities. Each school shall be allotted a certain number of guaranteed slots based on their 9-12 grade student enrollment and what percentage of the total ten-district consortium population that equals. Students considered for guaranteed slots must also meet program eligibility criteria. The slots will vary from program to program.

B. Attendance

The Excel TECC programs have a 15 day absence limit for each school year which means that students who reach 15 days absence may lose credit for the course. Students are expected to fulfill their home school obligations outside of the scheduled class time. When the school where the career technical program is housed is in session, students must attend classes – regardless of whether or not the home school is in session. An exception to this rule is if the home school is closed due to inclement weather. Career Technical Program teachers will honor the home school exam schedule; however the parent must call to report the absence on the days that the student will not be attending due to taking exams. In addition, absences due to state mandated ODE testing requirements will not be counted against the student.

If a student is absent 5 days, the program teacher will notify the parent and home school guidance counselor that the student is at risk of reaching the allowable days missed. Upon 10 absences, the program teacher will notify the parent, home school guidance counselor and the Excel TECC Dean of Students. If a student reaches 15 total absences excused or unexcused, he/she may be terminated from the program and credit may be withheld. If there are extenuating medical circumstances regarding absences, a parent must provide medical documentation for the absences.

If for some reason a student will not be in class, the parent/guardian shall contact the home school attendance, as well as the attendance office at the student's career technical program school. Otherwise the absence is considered unexcused. Please note that attendance requirements may differ slightly for clock-hour programs that are governed by state agencies.

Tardiness

Attendance will be promptly taken at the beginning of the start of the program. If a student develops a pattern of being tardy at a rate that would quickly violate the attendance policy, the student may be subject to an attendance hearing to address the tardiness. Attendance questions can be directed to the attendance office at 440-995-6765, the Dean of Students at 440-995-6752 or the program school's attendance office (may vary)

All students and parents/guardians will sign off on the Excel TECC attendance policy (Appendix A)

C. Withdrawal

Acceptance into a two-year program carries an expectation that the student will complete the full curriculum. However, Excel TECC understands that extenuating circumstances may cause a student to have to withdraw from their program. We encourage students to consider all possible options and only withdraw from their respective program as a final alternative. In order to withdraw, a conference must be held with the student and parent/guardian, home school and Excel TECC guidance counselors, program instructor and VOSE (if applicable). No student will be withdrawn without a conference and the appropriate form completed which is found in Appendix B of this manual. Every attempt should be made to hold a conference. In the event that it is not possible to have all the aforementioned parties together for a conference, the withdrawal form must still be completed and submitted to the Excel TECC office. Please note that if a student chooses to withdraw from their respective program, it could affect their graduation and scheduling at their home school.

D. Discipline

Excel TECC's philosophy of discipline is to maintain a safe and orderly school and classroom environment in collaboration with all hosting schools and colleges. All Excel TECC students shall comply with the host school's student code of conduct. For example, a student in the Culinary Arts program shall comply with the Beachwood High School student code of conduct. For Excel TECC programs located at Cuyahoga Community College, Cleveland Botanical Gardens, or other off site locations, students will comply with Mayfield High School student code of conduct as well as any policies the aforementioned institutions. In the event that a student violates rules in a student code of conduct, it shall be up to the host school to administer discipline and provide due process. In all cases of discipline, the Excel TECC Dean of Students and home school attendance secretary shall be notified by phone or email. When a student is suspended (out of school) from their home school, Excel TECC shall honor the suspension and the student does not attend their program during the duration of their out of school suspension. In addition, if a student violates the student code of conduct and is Out of School suspended from their program school, the home school will honor the suspension as well.

E. Fees

In order to offset cost for materials and supplies, every program in Excel TECC has a program fee associated with acceptance. The program fees are updated and board approved by each hosting district school board. Please note that all fees will be paid directly to your home district.

F. Tech Prep Credits

Currently, all Excel TECC programs with the exception of Career Based Intervention are Tech Prep. Depending on the program and its respective articulation agreement, a student has the potential to earn anywhere from 1 to 30

articulated college credits. Please note that there are guidelines that each college has governing rules for earning credits. Refer to Appendix D for a list of credits and Appendix E for a step by step process on how to obtain articulated college credits. You may find information on all college credits here: <http://www.mayfieldschools.org/ClaimCollegeCredit.aspx>

G. Miscellaneous

Visitation/Shadowing: Excel TECC does not allow shadowing or visiting of any program for prospective students unless there are extenuating circumstances and accompanied by written permission from the Director, home school administration and parents.

Switching Programs: As stated previously, acceptance into a two-year program carries an expectation that the student will complete the full curriculum. No student will be allowed to withdraw from one program and apply to another. In addition, no student may transfer from one program to another. The only exception to this that will be considered is if a student wishes to switch programs within the same career technical pathway code. This can only be considered with teacher and counselor recommendation as well as approval from the Director of Excel TECC.

Internships/Clinical Placements: Any Excel TECC student that acquires an internship for their program shall provide their own transportation to and from the site.

APPENDIX A

Excel TECC Program Attendance Policy

The Excel TECC programs have a 15 day absence limit for each school year which means that students who reach 15 days absence may lose credit for the course. Students are expected to fulfill their home school obligations outside of the scheduled class time. It is imperative that you understand that when the school where your career technical program is housed is in session, you must attend classes – regardless of whether or not your home school is in session. An exception to this rule is if your home school is closed due to inclement weather. Career Technical Program teachers will honor the home school exam schedule; however the parent must call to report the absence on the days that the student will not be attending due to taking exams. In addition, absences due to state mandated Ohio Graduation Tests will not be counted against you.

If a student is absent 5 days, the program teacher will notify the parent and home school guidance counselor that the student is at risk of reaching the allowable days missed. Upon 10 absences, the program teacher will notify the parent, home school guidance counselor and the Excel TECC Dean of Students. If a student reaches 15 total absences excused or unexcused, he/she may be terminated from the program and credit may be withheld. If there are extenuating medical circumstances regarding absences, a parent may request a meeting with the Dean of Students and provide medical documentation for the absences. If for some reason a student will not be in class, the parent must notify the bus transportation supervisor at the home school, as well as the attendance secretaries at the student's home school and career technical program school. Otherwise the absence is considered unexcused.

Completion Certificates/Tech Prep Credits vs. Participation Certificates

Every Excel TECC program is a Tech Prep program (with the exception of, CBI) allowing students to receive anywhere from 1-29 articulated college credits. A completion certificate, allowing students to claim college Tech Prep credit, is issued to students who meet program criteria, including an attendance requirement. If a student misses more than 18 days over the course of TWO years, they will only receive a Participation Certificate at the completion of the Career Technical Program and may jeopardize their ability to obtain tech prep college credits. This attendance is not reflected as excused or unexcused days from school but the total days that the student was absent from the class.

Tardiness

Attendance will be promptly taken at the beginning of the start of the program. If a student develops a pattern of being tardy at a rate that would quickly violate the attendance policy, the student may be subject to an attendance hearing to address the tardiness. Attendance questions can be directed to the attendance office at 440-995-6765 or the Dean of Students at 440-995-6752.

We have read the information regarding attendance, tardiness and the Completion Certificate for the Career Technical Program. **(Please print legibly)**

CERTAIN REQUIREMENTS MAY BE NECESSARY FOR AWARD OF CREDIT Some programs may have additional credits available through additional agreements with other colleges/universities.

Lakeland credits at www.Lakelandcc.edu > Tech Prep > Tech Prep Agreements

Tri-C credits at www.techprep4u.com/partnership/partnership-bilateral-agreements

Kent State credits at <https://www.kent.edu/techprep/articulation-agreements>

APPENDIX E

(Cuyahoga Community College Only)

STEP 1: Complete a Tri-C application.

STEP 2: Receive a Tri-C '*S*' *number* and password. **DO NOT LOSE THEM**

STEP 3: Be sure that you have passed (or are passing) Algebra 2.

STEP 4: Maintain at least a "B" average in your Tech Prep program.

STEP 5: Maintain at least a "C" average overall in high school.

September/ October

- Complete a Tri-C Application and take the COMPASS Test. Testing is done on campus at Tri C.

November/December

- If you are a Senior and have not already completed a Tri-C application, do so NOW.

January/February

- If you are a Senior and are in a Medical/Health/Biomedical Program, prepare for and complete MA 1010 testing and the HTEC 1040 Health Careers Exploration paper to be eligible for MA 1010 testing and HTEC 1040, a high school transcript is required.

March/April

- If you are a Senior, prepare for and present a portfolio if your Tech Prep program requires it i.e. Interactive Media and Media Arts.
- If you are in a Medical/Health Program and have passed the MA 1010 test, prepare for and complete the MA 1020 test.
- If your Tech Prep program requires a Summer Bridge Course, complete a Bridge Course application and submit the application to your teacher. Your high school transcript must be submitted with the Bridge Course application.

May/June

- If you are a Senior, complete an Articulation Agreement available on the Tech Prep website, www.techprep4u.com, and obtain the signature of your

Tech Prep teacher. Your teacher will submit the agreement to the Tech Prep Office for processing.

July/August

- If you have graduated from high school, submitted a signed articulation agreement, and meet all other requirements for your program, you will receive an electronic letter from Tri-C notifying you that your college credit has been placed on a Tri-C transcript.
- **If you wish to transfer the Tri-C credit to another college or university, you must request that a transcript be sent to that college or university. You can request a transcript in person at the Enrollment Center of any Tri-C campus or log on to My Tri-C space using your Tri-C *'S'number* and password.**

Do you have questions about COLLEGE CREDIT?
Contact the Tech Prep Office at the Metro Campus, Campus Center,
Room #120, Phone 216.987.4987

LAKELAND COMMUNITY COLLEGE

Tech Prep Articulation Credit Checklist

- Complete a Lakeland Community College Admission Application (No charge for Tech Prep students with waiver coupon)
- Complete your **Articulation Agreement/Transcript Release form** (application for college credit). This form is available from your Tech Prep instructor. **Teachers must approve this form.**
- If you have any industry certifications, attach copies to your Articulation Agreement/Transcript Release Form.
- Students **must** submit an official final high school transcript to LCC. If students completed the Articulation Agreement/Transcript Release form in class, the transcript will be released by the high school to the Lakeland Tech Prep office.
- If the student **did not** complete the Articulation Agreement/Release form in class, he/she will need to contact the Lakeland Tech Prep office to obtain the Articulation Agreement and the student will need to contact their home school and request an official final high school transcript to be sent to the Lakeland Tech Prep office.

If you have any questions, or need to reach the Tech Prep office contact:

Zachary Heck

Tech Prep Support

440-525-7481

zheck1@lakelandcc.edu

Chris Riley

Tech Prep Articulation Coordinator

440-525-7235

criley@lakelandcc.edu

You have a time limit of two years from graduation to apply for these articulation credits.

**This checklist is for guidance purposes only. Completion of this form does not guarantee college credits.*
