Introduction

Twenty-five years ago, the Cuyahoga Special Education Regional Resource Center along with the NE Ohio Parent Mentors, the Ohio Coalition for the Education of Children with Disabilities, and The Arc of Greater Cleveland came together to offer families in the greater Cleveland area an opportunity to share resources, contacts and their passion for independence, self-determination and community inclusion for students and young adults with diverse needs. The purpose of their collaboration was to ensure that students have access to opportunities that expands their academic and social-emotional needs. Today the State Support Team of Region 3, along with The Educational Service Center of Northeast Ohio continue to work with school districts, community partners, and families to offer professional development focused on Universal Design for Learning, Positive Behavior and Interventions, and Supports, and Evidenced-Based Early Literacy and Post-Secondary Transition supports. Thank you to the Greater Cuyahoga area for your continued support! The State Support Team Region 3 (SST3) offers the 2023 Summer and Beyond Directory as a resource to parents, family members, and school district personnel about extended opportunities around the Cuyahoga County area. Please visit our website <http://www.sst-3.org/> throughout the summer for updates to our directory.

The information in this directory is meant to be used as a reference and should not be considered comprehensive or an endorsement of any program or product. We do not make recommendations concerning the quality of these programs and strongly encourage readers to call the contact persons listed for clarification and explanation of their programs.

You may also contact your local community recreation departments, schools, county library branches, YMCA, YWCA, Boys and Girls Clubs of America, and local cultural arts and entertainment centers for additional programs or activities.

Keep this book handy for NEXT YEAR'S planning!

EXCEPTIONALITIES DEFINITIONS AND CODES

Included in each program descriptor there is a Population Served Code. The following will assist you in defining what special needs population is being served. These definitions have been taken directly from Ohio Department of Education's 2014 Operating Standards for Ohio's Educational Agencies Serving Children with Disabilities

EXCEPTIONALITY DEFINITIONS AND CODES

AUT	AUTISM – means a developmental disability significantly affecting verbal and nonverbal communication and social interaction, generally evident before age 3, which adversely affects a child's educational performance.
ED	EMOTIONAL DISTURBANCE – means a condition exhibiting one or more of the following characteristics over a long period of time and to a marked degree that adversely affects a child's educational performance. <ul style="list-style-type: none"> • An inability to learn that cannot be explained by intellectual, sensory, or health factors; • An inability to build or maintain satisfactory interpersonal relationships with peers and teachers; • Inappropriate types of behavior or feelings under normal circumstances; • A general pervasive mood of unhappiness or depression; and • A tendency to develop physical symptoms or fears associated with personal or school problems. The term includes schizophrenia. It does not apply to children who are socially maladjusted, unless it is determined that they have an emotional disturbance.
HI	HEARING IMPAIRMENT – means an impairment in hearing, whether permanent or fluctuating, that adversely affects a child's educational performance but that is not included under the definition of deafness. Deafness - means a hearing impairment that is so severe that the child is impaired in processing linguistic information through hearing, with or without amplification, and that adversely affects a child's educational performance.
ID	INTELLECTUAL DISABILITY - means significantly sub average general intellectual functioning, existing concurrently with deficits in adaptive behavior and manifested during the developmental period that adversely affects a child's educational performance.
OI	ORTHOPEDIC IMPAIRMENT – means a severe orthopedic impairment that adversely affects a child's educational performance. The term includes impairments caused by congenital anomaly (e.g., clubfoot, absence of some member, etc.), impairments caused by disease (e.g., poliomyelitis, bone tuberculosis, etc.), and impairments from other causes (e.g. cerebral palsy, amputations, and fractures or burns that cause contractures).
OHI	OTHER HEALTH IMPAIRMENT – means having limited strength, vitality or alertness, including a heightened alertness to environmental stimuli, that results in limited alertness with respect to the educational environment, that is due to chronic or acute health problems such as asthma, attention deficit disorder or attention deficit hyperactivity disorder, diabetes, epilepsy, a heart condition, hemophilia, lead poisoning, leukemia, nephritis, rheumatic fever, and sickle cell anemia, and adversely affects a child's educational performance.
SLD	SPECIFIC LEARNING DISABILITY – means a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, that may manifest itself in an imperfect ability to listen, think, speak, read, write, spell, or to do mathematical calculations, including conditions such as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia. The term does not include learning problems that are primarily the result of visual, hearing, or motor disabilities; of mental retardation; of emotional disturbance; or of environmental, cultural, or economic disadvantage.
S/LI	SPEECH OR LANGUAGE IMPAIRMENT – means a communication disorder, such as stuttering, impaired articulation, language impairment, or voice impairment that adversely affects a child's educational performance.

EXCEPTIONALITY DEFINITIONS AND CODES

TBI	<p>TRAUMATIC BRAIN INJURY – means an acquired injury to the brain caused by an external physical force, or by other medical conditions, including but not limited to stroke, anoxia, infectious disease, aneurysm, brain tumors and neurological insults resulting from medical or surgical treatments. The injury results in total or partial functional disability or psychosocial impairment or both, that adversely affects a child’s educational performance. The term applies to open or closed head injuries, as well as to other medical conditions that result in acquired brain injuries. The injuries result in impairments in one or more areas such as cognition; language; memory; attention; reasoning; abstract thinking; judgment; problem-solving; sensory, perceptual, and motor abilities; psychosocial behavior; physical functions; information processing; and speech. The term does not apply to brain injuries that are congenital or degenerative, or to brain injuries induced by birth trauma.</p>
VI	<p>VISUAL IMPAIRMENT INCLUDING BLINDNESS – means an impairment in vision, that even with correction, adversely affects a child’s educational performance. The term includes both partial sight and blindness.</p>
<p>TWICE-EXCEPTIONAL DEFINITION AND CODE</p>	
GT	<p>GIFTED- means students identified as having a disability (listed above except ID) that has also been identified as meeting the minimum threshold on all three parts of indicators: performance, progress and input.</p>

Through animation and puppets, Sammy and his friends learn about the wonderful world of reading. Each video episode introduces one letter, and how those sounds build words. In seasons 3 and 4, students learn to break words into syllables with patterns and syllable types. The videos model systematic multi-sensory teaching. With animation, "Bumpy Letter" cards, sand trays and Felt Boards fly on magic carpets and through windows to the children. The children model how to use them. Teachers and parents are encouraged at the end of each video to use the materials seen in the video to reinforce the lesson of the day. By design, there is no teacher's guide ... instructions are at the bottom of workbook pages and modeled in the video lessons.

Website: www.barlowandadams.com

Descriptor: We offer social skills groups serving both children and adolescents. These groups use a combination of empirically validated strategies for teaching social skills, Michelle Garcia Winner's Social Thinking™ curriculum, and the PEERS curriculum.

Our groups are designed with convenience, flexibility, and effectiveness in mind. We offer one-hour sessions, twice per month, and have an open enrollment. Participants can attend on a regular, ongoing basis - or when they are able to fit it into their schedules. Our model of open enrollment allows for the review of skills, giving our "seasoned" participants opportunities to take on a leadership role by helping new members learn the concepts. Although these groups are educational in nature, we hope that participants will not feel like they are in a class. Our sessions are designed to be active, natural interactions amongst peers so that the skills learned can be generalized to their day-to-day functioning. Each session is designed with the goal of building participants' skills while they have fun and develop connections to peers. Over the course of the year, we will introduce key concepts in social thinking and practice related skills, adding and expanding on foundational skills. Groups are offered year-round, including throughout the summer months. Capacity is limited to 6 participants per session and registration is required for each session 24 hours in advance.

- have a valid application for participation and release form on file; and
- be a member of an accredited local Special Olympics organization.

Training is a major aspect of Special Olympics and very important because in Special Olympics, victory is secondary to striving toward one's own athletic potential and reflected in the Special Olympics oath: "Let me win, but if I cannot win, let me be brave in the attempt."
