

# General Resources for Military Families with Special Needs

Having children with special needs is a challenge; but adding military involvement to the situation is even more difficult.

Please use the following links as a general resource for any questions you may have regarding military families with special needs.

## Websites:

### **Military OneSource Special Needs Consultants:**

[http://www.militaryonesource.mil/efmp?content\\_id=271388](http://www.militaryonesource.mil/efmp?content_id=271388)

- *Mission:* Military OneSource special needs consultants are available to families for assistance with questions and concerns regarding the care and education of a family member with special needs — both children and adults.

### **Military Special Needs Network, & Facebook.com:**

<http://militaryspecialneedsnetwork.com/>

<https://www.facebook.com/militaryspecialneedsnetwork>

- *Mission:* The Military Special Needs Network is a peer-to-peer, global organization founded to respond to the family support needs of all branches of the military and of our Exceptional Family Members. We strive to support each one of our Members and their families by providing family and emotional support and lasting friendships.

### **STOMP (Specialized Training Of Military Parents) Project:**

<http://www.stompproject.org/>

- *Mission:* STOMP, a parent-directed project exists to empower military parents, individuals with disabilities, and service providers with knowledge, skills, and resources so that they might access services to create a collaborative environment for family and professional partnerships without regard to geographic location.

### **The Education Directory for Children with Special Needs:**

[http://apps.militaryonesource.mil/MOS/f?p=EFMP\\_DIRECTORY:HOME:0](http://apps.militaryonesource.mil/MOS/f?p=EFMP_DIRECTORY:HOME:0)

- *Mission:* The Education Directory for Children with Special Needs provides military families with children with special needs the information they need to make informed assignment decisions and easier transitions.
