# CHECK OUT BOOKS FROM THE MS THINK TANK

# CHECK OUT BOOKS FROM THE MS THINK TANK

The screenshot shows a web-based interface for checking out books. At the top, there are two tabs labeled "Check Out". Below the tabs, there is a "Check In" section. The main area contains a form with the following fields and buttons:

- User ID** and **Student number**: A text input field containing "XXXXXX - Enter Your 6-Digit Student Number".
- Start**: A button with the text "(Click On Start Button)".
- Barcode**, **Title**, and **Due Date**: A table with three columns, currently empty.

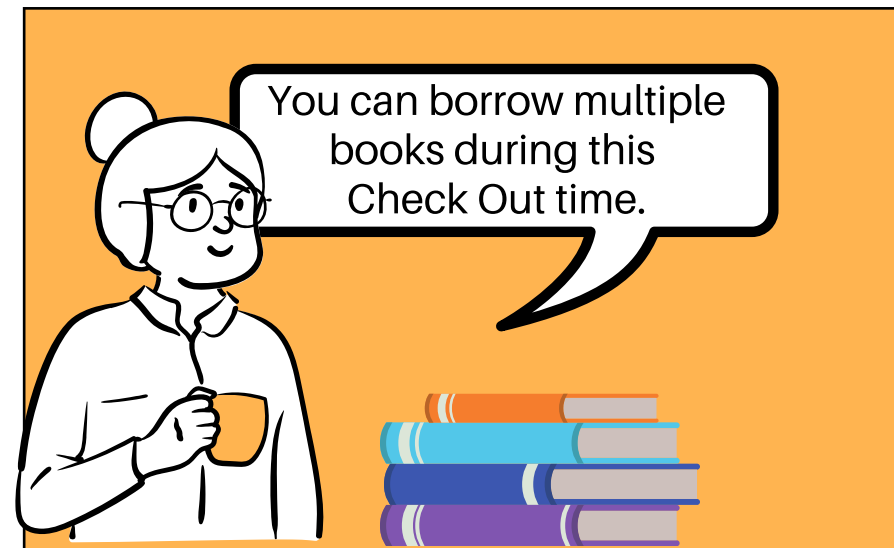

# CHECK OUT BOOKS FROM THE MS THINK TANK

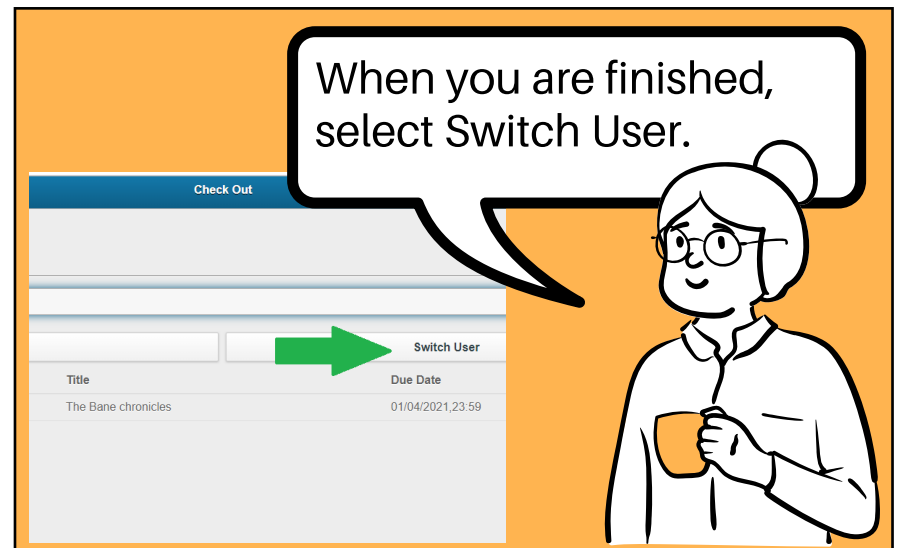

The screenshot shows a library check-out interface. At the top, there is a blue header with "Check Out" on the left and "Check Out" on the right. Below the header, there is a "Check In" section with a "Name" field, a "Library:" dropdown, and "Checkouts: 0" and "Holds: 0" displayed. A "Barcode" input field is present. Below this, there are two buttons: "Check Out" and "Switch User". A table below shows the checked-out item:

Barcode	Title	Due Date
30819050033247	The Bane chronicles	01/04/2021,23:59

A woman character with glasses and a bun is holding a mug. A speech bubble next to her says: "Once you scan the book, it will show up under **Check Out**".

A woman character with glasses and a bun is holding a mug. To her right is a stack of four books with orange, blue, dark blue, and purple spines. A speech bubble next to her says: "You can borrow multiple books during this Check Out time."

The screenshot shows the library check-out interface. At the top, there is a blue header with "Check Out" on the left and "Check Out" on the right. Below the header, there is a "Check In" section with a "Name" field, a "Library:" dropdown, and "Checkouts: 0" and "Holds: 0" displayed. A "Barcode" input field is present. Below this, there are two buttons: "Check Out" and "Switch User". A table below shows the checked-out item:

Title	Due Date
