

SAMPLE PERMISSION SLIP FOR USE OF BLOGS/SURVEYS/QUIZZES

Dear Parent/Guardian

The new Mayfield City Schools website allows for the creation of teacher websites. This year in my classroom, I will be using my teacher created website to further enhance instruction and the overall learning process. You can view my website by going to www.mayfieldschools.org and then clicking on staff directory under the Staff button and searching for my website by typing in my last name (_____).

There are a few new features this year on the website. One is the ability to post surveys or quizzes and another new feature is the use of Blogs. We may be using these features throughout the school year. At no time will your student be sharing personal information on the internet and at no time will your student be required to sign up for any online services. The online safety of your student is one of my top priorities therefore I am asking that if you **DO NOT** want your student to participate in using the online quizzes, surveys or blogs please contact me via email at _____ or by phone at _____. Thank you and have a good day.
